Angels showed up in the color of a rainbow

One of the greatest testimonies I have heard came direct from a lady in Baton Rouge, LA. I was attending Living Word Church in Pelham, AL at the time and my pastor, Truett Murphy, was friends with her, Rita Bullock.

Now Rita was an elderly lady that loved the Lord with all her heart and was bold to share it. Satan tried to kill her with lymph node cancer, but she knew who she was in the Lord.

After she was healed, she came to Living Word Church to testify how Jesus is still in the healing business today just like in the Bible. He is truly the same yesterday, today, and forever.

Sister Bullock was a small elderly lady, but when she spoke you knew the Lord was in the house! Her testimony,

as I recall it, started with a diagnosis of incurable lymph node cancer several places in her body. She received all the medical profession knew to do but it went beyond their knowledge and they told her it was over. Now Rita kept the faith and continued to say she was healed by His stripes even though all appearances seemed she was dying.

After many months of battle, she ended up with a five month stay in the hospital. She developed gangrene and had open wounds where they were treating her. She was in a coma with tubes running in and out of her in every area and direction and a respirator down her throat. The family had been called in as the medical professionals had made the decision to pull the plug on her

that night. Yet all the while Rita was confessing from her heart she was healed. She did not know when or how, but she knew she would live and declare the glory of God.

During the night, her family waiting outside, Sister Bullock was visited in her room by many Angels all in gorgeous pastel colors of the rainbow. They told her they had been sent there by the Lord Jesus to heal her. She felt a cool breeze across her forehead and one of them touched her irritated throat. Immediately the pain left. Then they began to touch her in every area of her body that was open and had been attacked by the cancer. As they touched her, she felt healing virtue flowing and she was in fact healed! Then Jesus appeared in the room

and came and sat down beside her on her bed. What a glorious time with Him!

The next morning when the nurses made their rounds, they were surprised to see Rita awake and proclaimed she was healed. In fact she was and they sent her home 2 days later!

Rita walked out of that hospital and began to share this testimony every opportunity she was given. What a mighty God we serve. When it looks like all hope is gone and there is no possibility of deliverance, the Lord shows up and shows off! Rita is in heaven now and I tried to find her story online, but there was no record anywhere. I met Sister Rita personally, I heard and saw this testimony myself, I can tell you God did it when the doctors and family

"Over the last year I've come to realize that I have taken for granted the ability to gather together as the church in

worship," shared Chris. "Ever since I was young, I have felt a calling on my life to help give people a voice to worship God and for me, I can't think of a more critical moment in time for us to come back together and worship... unified and as one voice. Worship is more than a concert, it's about your soul connecting to God, it's eternal and an opportunity to join in everlasting praise. To not only worship outside amidst God's creation but to do it alongside some of the most influential worship leaders in the church right now is something I am honored to be a part of. This is truly going to be a moment of impact and one we will never forget." "There is such an excitement and expectation to be together to worship

Jesus after such a long and devastating year of loss," said best-selling artist, Kari Jobe. "The anointing of the Holy Spirit is going to be so strong. I cannot wait to be together with everyone!" "We are thrilled to see audiences gather again with Chris Tomlin, Kari Jobe, and Bethel Music," says Premier Productions Senior Talent Buyer, Jonathan Roberts. "This amazing group of leaders have written

songs that mark all of our lives. This is certain to be one of the biggest highlights of the summer. We proudly present events that stir the heart and move the soul." "There is nothing comparable to worshipping with people in person again," says Jenn Johnson of Bethel Music. "We are so excited to lead worship with our friends and worship God with over 10,000 people." For the first time ever these leaders will be together on one stage, leading in one voice and lifting up one name. This worship tour is more than a concert, but a triumph of the ability to worship together and celebrate the good side of a bad season. The 13-city amphitheater tour will kick-off on August 13 in Cedar Rapids, Iowa and will stop in Oklahoma City, Okla., Austin, Texas, Charlotte, N.C., before the final show on Sept. 3 in Jacksonville, Fla. +++
