By: Stanton Public Policy Center/Purple Sash Revolution

WASHINGTON, Jan. 1, 2022 /Christian News-wire/ -- Prayer to dismantle and overturn Roe v. Wade were the first words spoken at the U.S. Supreme Court in 2022. Purple Sash Revolution organized a Facebook Live national prayer vigil in front of the Supreme Court at midnight as the New Year began. The vigil was led by Rev. Patrick Mahoney, the Chief Strategist for Stanton Public Policy Center/Purple Sash Revolution. The prayer is in response to Dobbs v. Jackson which is a case which could dismantle and overturn Roe v. Wade. A decision in this

historic case is expected in June. Stanton Public Policy Center/Purple Sash Revolution is a women's advocacy and educational group that works on issues of human rights and justice which empower and inspire women. It is affiliated with Stanton Healthcare which has life-affirming women's health clinics in America and internationally. The group felt it was critical to begin 2022 at the U.S. Supreme Court with words of hope, life and justice as they prayed for the Dobbs Case and an end to abortion violence. Brandi Swindell, Founder and CEO of Stanton

Healthcare, states: "As an advocate for women, human rights, and founder of life-affirming women's medical clinics, I am thrilled the tragic history of abortion violence in America, created by Roe v. Wade, is coming to an end. Our nation is now embracing the truth that unfettered access to abortion for the full nine months of pregnancy does not uplift women or advance justice and equality. "After Roe v. Wade is dismantled in 2022, the pro-life community looks forward to working state by state to ensure abortion violence comes to an end. At Stanton Health

care, we will continue to offer women with unexpected pregnancies professional and compassionate healthcare as well as physical and emotional support for their family. "The pro-life community is excited about a Post-Roe America where all life will be treated with equality." Rev. Patrick Mahoney, Chief Strategy Officer for Stanton Public Policy Center, comments: "Purple Sash Revolution felt it was critical for the pro-life community to begin 2022 praying at the Supreme Court for the Dobbs case and the dismantling of Roe v. Wade. Prayer is our greatest resource, and through prayer, we can see God shape history and end abortion violence." "2022 promises to be an historic year regarding abortion as the pro-life movement welcomes a Post-Roe America where we will passionately work state by state to end abortion and continue to provide support and care for mothers and their children.

"The pro-life/human-rights community will never rest or be silent until abortion ends up on the scrapheap of history like chattel slavery and segregation. We are thankful to see Roe v. Wade and the violent legacy it created coming to an end." For more information: stantoninternational.org/spcc www.facebook.com/purplesashrevolution/ www.facebook.com/revmahoney

Chrisagis Brothers Taking Jesus Beyond Church Walls

By Chrisagis Brothers

YORKVILLE, Ohio, Jan. 4, 2022 /Christian News-wire/ -- The Chrisagis Brothers have won many awards and have won thousands of souls to the Lord at their popular concerts and events world-wide. This past year of 2021 looked like ministries in general were dead and no longer effective but that media interpretation is very wrong especially when it comes to God and these two creative twin brothers. The Brothers seek the Lord before they do anything and when God says, "Go for it!" They do just that. God gave them a unique way of bringing the world and church together. It involves lots of music, lots of fun, lots of entertainment, lots of great inspiration from the Word of God, and big-name show unlike anything

you've ever seen from top music vocalists, Hollywood stars, critically acclaimed comics and two brothers who are solid in God's Word to be able to pull it together and successfully witness to those souls that are un-churched in a loving manner so that they actually fall in love with the brothers and their message of love, hope and Jesus. It is done so well that most forget it is a ministry event and actually come because they want to be around the loving atmosphere, the loving personalities of the brothers who draw them in and the legendary stars who also testify of Christ and hope through a better way of life. Most walk away saying its a miraculous way of presenting Jesus to the world. It maybe just that but the brothers are known for miracles.

They both are survivors of many great miracles from their tragic early years of disease and near deaths to losing everything by being stalked by a coven of witches who were assigned to kill the power duo. Through it all the Chrisagis Brothers are God's mighty men of valor who can bring audiences from all over the world together while taking them on a roller coaster of emotions to finally giving themselves over to Christ in the end of each inspiring fun filled concert. The concerts are evident that Christ moves through love and those who are His children will walk in that love. The Brothers had great favor with big Hollywood stars in 2021, the list of stars who were on stage with them were Loni Anderson, Lindsay Wagner, Jennifer O'Neill, Max Winfrey from America's

The Chrisagis Brothers with Max Winfrey, Jennifer O'Neill and Erik Estrada

Got Talent, and their long-time buddy Erik Estrada who actually was at three big events with them last year. These events drew in every TV Network from HBO, TV Land, Retro TV, Comedy Central, and Netflix. The Christmas concert was the most amazing fun filled event that showcased the brothers and their singers doing Christmas music that warmed and touched the audience with love and tears, they also featured Max Winfrey who did comedy, stunts, illusions

and was the most entertaining multi-talent you will find, then Erik Estrada and Jennifer O'Neill both take the stage at different times. Erik brings laughter and inspiration, while Jennifer brings the most life-changing message that brings the entire room to tears and offers healing. Call it the new wave of God's Spirit and the Chrisagis Brothers are surfing this wave until Jesus returns as they follow His lead. They both say they have never been those who love to be a one man

show. They have always seen God's big picture of ministry that uses all His people and brings out the best in each so they can minister together as one body. And that is what the brothers are doing. They are raising the bar high with God's most amazing vessels in one wonderful concert event. This year the brothers say they hope to be working again with their Hollywood friends and bring new stars in. Contact the Chrisagis Brothers at thechrisagisbrothers@yahoo.com.
