

Gulf Coast Outpouring Continues...

Stories from those who have been immersed in the baptismal waters and encountered Jesus in a very personal way.

The "testimony" of Jesus declares, "DO IT GAIN!"

By Pastor Ron Kutinsky, Hope International Ministries, Bradenton, FL

Annette: I had greatly diminished strength in my lags and hips. Any movement was extremely taxing. I was so disappointed because I moved here specifically because I loved to walk the beach which I could no longer do. To do minor things like standing at the stove for a few minutes would cause me to have to lay down to recuperate. After encountering God in the water, He restored my strength. I once again walk unhindered. I got up and touched my toes and began doing deep squats; something I hadn't been able to do for years. All pain is gone, except for sore muscles since I've been doing so many daily deep squats as part of her new exercise!

B.R. (local Pastor): My urine test came back in June with some troubling blood in it. They were talking about squamous cells. Just got a retest Thursday. Everything is perfect. No sign of anything. I believe I got healed when I came out of that water.

Tim: I need to tell you something. My urine test came back in June with some troubling blood in it. They were talking about squamous cells. Just got a retest Thursday. Everything is perfect. No sign of anything. (Just a little high on the sugar). I believe I got healed when I came out of that water. **for clarification, these two testimonies (B.R. & Tim) are similar but very different people.*

Kimberly: Healed of pain. I've been going to the chiropractor for severe pain since July. Ever since the water, NO PAIN! Also, I had a word from the Lord: He is washing the bride. And this is a very Holy time of Outpouring!

Lorri: My son has experienced healing from emotional trauma and anxiety. Unshakable faith and passion for Jesus is the exchange. Increased freedom manifestation. For me, the Lord touched places of unforgiveness and strife. Replaced by crazy JOY and PEACE!

Ali: I have amazing news about my son Brady! He was water baptized at your Gulf Coast Outpouring service. His miracle that he was seeking from the baptism was to find his way and his purpose for God.

When he was baptized, he was told he was being baptized as a leader. Unfortunately, we had to come to Ohio because my brother had an aneurysm which caused him to have a stroke. While we are here, we decided to visit in Mount Vernon Nazarene University. We found out that they honor the G.I. Bill, and they provide free housing and meal plan for veterans. Long story short he is starting his studies in ministry in the spring. God is so good!

Pat B: My chiropractor says that I had the worst case of scoliosis he's ever seen. The curvature is extreme and runs the entire length of my neck and back. When she touched the water, the bones in her neck cracked. God straight-

ened my neck as everyone could see that night. I had a chiropractor appointment the next morning, and as he began working on me, he said "Pat, your neck is straight!". My back was still crooked. I got in the water again last night and my back was markedly better. I was standing almost straight as I left last night.

Vicki: I was blessed by my encounter, and I still have not been able to come back to earth! When I was in the water, I became a giant oak tree with many many branches and the words spoke over me "I am a Matriarch of my family and many many others! They saw me and many people gathered around me."

The very last words spoke over me was joy! Well, I cannot stop laughing! Wow, it's really been healing for my heart, and much needed love and encouragement! God knows what we need!!! Returning soon!

Cindy Caputo: The very first fire and water baptism I was at, the first one. I was crying in the Spirit, and I heard the most beautiful sound coming from a Shofar (never sounded like it before) I kept saying blow it again!!

Karen told me there was no Shofar blown that night, heavenly sound? I'm still stunned but kept telling about it because it was so absolutely the most beautiful sound I had ever heard. Wanted to share this moment with you I'm still in Awe Love you my friend

Get under the spout where the Glory pours out!

You do not have to look far to find revival if you are hungry.

The full soul loatheth an honeycomb; but to the hungry soul every bitter thing is sweet. -Prov.27.7

Blessed are they which do hunger and thirst after righteousness: for they shall be filled. -Matt.5.6

We are blessed! God is moving with a mighty outpouring, yes even a double portion upon the land in this final hour we find ourselves in. Even in the midst of plandemics, God's plan prevails. When they tried to lock down the churches, they could not lock out God! Just like when the children of Israel were persecuted, they multiplied! God will not be stopped, mocked, limited, nor ignored. There is a remnant that know Him in His fullness and manifestation of His glory. He is beckoning to all peoples young and old to turn from their wicked ways, repent, and enjoy new life in Him.

That is why He sends waves of revival. He is calling. Reaching out a loving, forgiving and accepting hand to convince as many as will hear Him, to turn from death to an eternal glorious abundant life. He does this through great revivals such as Azusa Street in the early 1900's.

The same God who grew back limbs on his people during Azusa, opened blind eyes, and made the lame to walk again is still doing it today. You just have to be hungry enough to seek Him out and get in the flow. The glory spout I call it. Where the power of God flows like a riv-

er. Where the anointing is a tangible presence and the supernatural becomes the natural.

It's happening and it is happening right here right now in our area. I was privileged to visit the Double Portion Minister Conference at Rodney Howard-Browne's church in Tampa. Awesome! What a glorious time it was there. God moved in such a miraculous manner that even the devil showed up and tried to disrupt. But Pastor Rodney handled it like the seasoned. Man of God he is and sent the devil scurrying.

Dr Rodney has the River Church in Tampa, FL and meets most every night of the week with The Stand. He was arrested and ridiculed for taking a bold stand and calling the church an essential above all other businesses. He refused to close the doors so they tried to close his church. Instead it exploded!

When God moves no man can stop Him. Not the police, the Governor, nor the President, God will not be stopped. We attended the Double Portion Ministers Conference on a Saturday morning and I was impressed as to the number of people in attendance. Hungry hearts in eager anticipation of what the Lord is doing and none of us was disappointed.

I encourage you to check out The River at Tampa Bay and get under the spout where the Glory comes out!

We also attended a revival service at Ron Kutinsky's Hope International Ministries in Bradenton on a Friday night and it

was packed! The Spirit of God was moving and people were receiving supernatural importations. The testimonies shared by the visiting pastor were literally out of this world. God is truly moving in the midst of the earth.

This revival is unique in that it has to do with water baptism. Yes water baptism; the old man buried with the new man rising from the water grave brand new in every way. Read the testimonies in Pastor Rons article in this month and last months He's Alive. There is no way one can witness these things and deny that God surely is in our midst and He is mighty to save and deliver.

What I am saying is that Revival is in the air. The Spirit of God is moving and you do not have to travel far to find Him. He is here in Bradenton, Sarasota, Tampa and wherever you live. He is moving if you will seek Him with all your heart you will find Him.

Do not limit Him. Allow the Holy Spirit to shake you, mold you, recreate you into the image of His Son, the resurrected Christ. Quit making excuses. Quit saying the complaints, grievances and fears of the world. It is a new and living way, walk ye in it. God is not dead He is surely alive. He will do for you exactly what He did in the Gospels. He never changes. He is waiting for you, wooing you, drawing you, will you respond? Check out these two churches, you will be blessed.

Till next month. In His Love, Pastor Chuck
