Annual Christmas Outreach - As we approach the end of this year, the children at the orphanage are anticipating their annual Christmas day celebration. They have lots of fun with children from the neighborhood where they share food, singing, and games with their friends. It is a great way for us to share the love of Jesus with the community. Our children enjoy the day and it is a blessing sharing the time with them.

Annual Convention - From January 13 - 20, 2019, our national annual leadership convention will commence at one of our churches in Kakata, Margibi County. The leaders and members of our 14 churches are excited about the week of teaching, vision casting, strategizing, and fellowshipping with over 3,000 people in attendance. When we leave everyone is inspired to be greater disciples and reach their communities for Jesus. If you would like to join us for the convention in Liberia, let us know. Also, pray for the speakers and that many people will decide to serve the Lord.

The Land Issue in Monrovia - Thanks so much for your many prayers and encouragement about the land issue for our headquarters' property in Monrovia. Please continue to pray as we are fervently asking the Lord to resolve the situation. The people claiming the 183 acres that includes our ministry headquarters have not taken any physical action at this time. As we previously mentioned, they are claiming most of the land in the Rehab Community, which includes the 2.5 acres that we purchased for the ministry.

Many residents have been on their land for more than 30 years. We have been on the land for more than a decade without anybody claiming it until now. Please keep us in your prayer as we continue to pray and study how to best handle this situation. Additionally, all the residents are resisting the demand from those who are allegedly claiming the land, and we need the Lord's divine intervention. But we are hopeful that the Lord will resolve the situation soon as we know the Lord wants us to continue to minister and bring His life and His love to the Rehab Community.

The vision that the Lord gave us for the 2.5 acres headquarters' site includes the larger church building, a STEM High School (K-12); medical clinic, radio station, vocational training, and college classes.

"Learn to do good; Seek justice, Rebuke the oppressor, Defend the fatherless, Plead for the widows." (Isaiah 1:17) Pure and genuine religion in the sight of God the Father means caring for orphans and widows in distress … (James 1:27 NLT) CVIM website at: ***www.christsvictory.org.***

You are God's Masterpiece

From Page 2

thousands of years ago and the fact that you profess Jesus as your Lord and Savior is proof that His plan is being carried out. That'll make someone shout! Why did He choose you? I don't know. Why did He choose me? I don't know. I am just so thankful that He did.

So, the next time the accuser comes around and tries to tell you that you're no good, you're deficient, or any other lie that affects your sense of self-worth, remind him of the testimony of all that God did to ensure that you are exactly how you are. He doesn't make mistakes and He doesn't leave anything incomplete.

The next time he comes around and tells you that God is finished with you and there is nothing left for you to do on earth that's meaningful, remind him that the breath in your lungs is proof that God isn't done with you. If He was, He'd take His breath away and promote you right to heaven. He leaves it in you because He still has meaningful work for you to do on earth.

And the next time the accuser comes around and tries to tell you that you're unfit or unqualified to have access to God and to be used by God, be sure to remind Him that you were chosen before the foundation of the world. God Himself decided that you would be in His family, not you. God wanted you and He got you.

Despite the transformative power that these truths have, they do nothing to us until we believe them. I celebrate the work He did in you, His masterpiece!

With brotherly love,
Chris Vercelli

From The World Famous: "Flying Wallenda" Family. He Will Share His Testimony While Walking The Wire

From the Big Top to the Big House, Tino Wallenda brings the thrills of high wire artistry to audiences across the nation and the world. From the world famous "Flying Wallenda" family, Tino brings his death defying high wire performance to the big tents as well as prisons of America. At the age of 12, he made his first crossing on the wire 35 feet off the ground. At 17, Tino became a full fledged member of the Great Wallenda troupe. Some of the feats Tino has accomplished on the wire are walking over lions, tigers and man eating sharks; walking between buildings, over rivers and a waterfall. His highest walk was over the Denver D &F Tower. It was 189 feet in the air and 3,300 feet wide.

Tino and his wife, Olinka, are 6th generation Circus performers. They have 4 children, all who have taken part in the family tradition of wire walking. His granddaughter, Ysabella, is the 8th generation of the family to perform having begun at the age of 6.

Tino and his family have been performing and sharing their testimony at numerous churches and national Christian television program such as the 700 Club, 100 Huntley Street, PTL and Praise the Lord. Their missionary travels have taken them to many foreign lands including Mexico, Puerto Rico, Costa Rica, Panama, Canada and Kenya.

Tino has performed in hundreds of prisons all over the country. He is very well received by inmates as well as prison officials. He uses his talents on the high wire to illustrate the importance of focus and perseverance. He gives a personal testimony from his own life as well which is very compelling. He is a hit wherever he goes!
