## From the Publisher

*Chuck Kennedy*

Six years ago this month we embarked on a vision to publish a local Christian newspaper to declare Jesus Christ is alive and working in the lives of His people on earth today. Thank you for the part you have in the success of this vision. From the reader, the distributor, to the advertiser, the donor, and the talented writers, all the way to the testifiers and especially the prayer warriors, you are proof He is alive! Your faithful participation has brought us into our sixth year of ministry.

Times are perilous as spoken of in 2nd Timothy chapter 3. A quick look around screams our salvation is nearer than when we first believed. What we do we must do now without procrastination. This Gospel must be shared with every creature and He's Alive is your silent witness to do that.

People read the newspaper format. The testimonies are mirac-

ulous and powerful. Doctrine can be argued, but a changed life speaks volumes no one can argue with. We continue to receive comments and letters like this one from Terri C. in Dallas, TX; I just wanted to write to let you know that I enjoyed reading an article in your newspaper about two months ago. The article that really caught my attention was Most Americans think it is 'illegal' to pray in School, But is it? I think this article was so important because a lot of people including myself didn't really know the truth. To God be the glory. We have begun our sixth year in 2019, and He could come this very year! Would you be ready? Would He say, "Well done thou good and faithful servant"? If not, there is still time, you can begin today for the scriptures say, 'today is the day of salvation'. He's Alive was birthed to assist you as a witness, use it.
