

The Spirit Of Truth

By Rev. Madeline Montez Duffany

Dear Reverend:
New Year's Day is such a happy time for others, but a miserable time for me. All I can think about is loneliness and loss. I'm such a failure. Once again I'll put on my happy face, but inside I feel like I can't go on. A divorce caused me to lose everything. Now my children enjoy the holidays with their dad and his new wife. Yes, they include me in their festivities; but it's not the same.

My neighbor has pretty much the same situation, but she is cheerful, active, and happy in her church. She says, "My church is my family...closer than my brothers and sisters." How can that be? I think she is unrealistic. I just wish that I could start all over.

Ruth

Dear Ruth:
Yes, you can start all over! Jesus can change everything in an instant! New Year's Day can be

come the most joyful day of your life! Jesus Christ has made it possible. It is the whole reason He was born - so you could start over. He paid the penalty for all your mistakes. Romans 10:9 says, "If thou shalt confess with thy mouth the Lord Jesus and shalt believe in thine heart that God has raised Him from the dead, thou shalt be saved." Just say, "Jesus, I'm turning my life over to you

right now!"
Go to church with your neighbor. Having a church family is the most wonderful thing. You will discover that many others in different situations have found renewed joy, forgiveness, and a reason to live.
Happy New Year, Ruth!

I'm not certain if you are local, but write to me if you need to find a loving, faith-filled church. I can help. Scripture reading: Romans 10:1-13.

This is God's Truth!

Children Saved from Abortion to Bring Their Stories and Thanks to the President and Vice-President During 'March for Life' Week

WASHINGTON, Dec. 13, 2018 /Christian Newswire/ -- Stanton Healthcare to launch #ThankUMrPresident which is a campaign bringing thank you letters and cards to President Trump from children all across America thanking him for his courageous stand for life and working to end abortion. Here is a link to the #ThankUMrPresident website: stanton-project.square-space.com/thankumr-president Stanton Healthcare is a life affirming women's medical clinic based in Boise, Idaho with affiliates across the country and internationally that reach out to women with unexpected pregnancies offering compassionate and quality medical care and support.

Brandi Swindell, Founder and CEO of Stanton Healthcare, shares; "At times, the abortion issue in America has been viewed through the lens of contentious partisan political arguments, heated and noisy debates and shouting matches in the media." "Missing from all of this emotional activity are the voices of the most important element of the abortion conversation." That is, the scores of children who have been saved from abortion through the loving and compassionate care of life-affirming women's medical clinics and pregnancy resource centers and their mothers. "These children, who are living rich and full lives, deserve a platform for their stories to be seen and

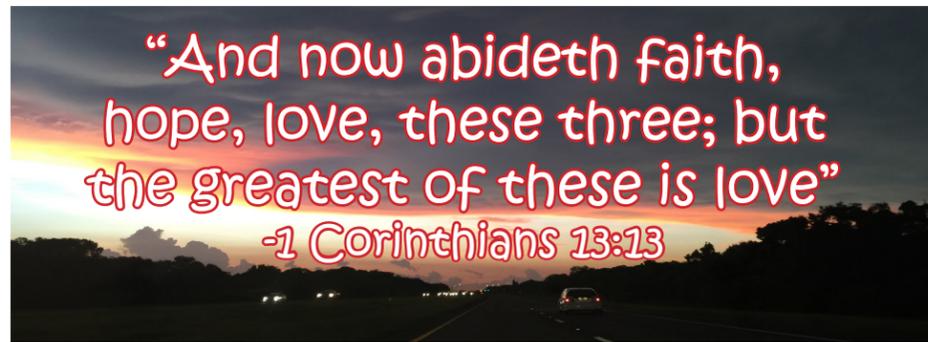

heard." They need to make it clear that abortion is not just a political issue but it is a human rights issue that impacts real lives, women and families. #ThankUMrPresident will give them an opportunity to do just that. During the 2019 March for Life and Roe v. Wade Memorial in Washington, D.C., Stanton Healthcare is bringing young children to our nation's capital whose lives have been saved from abortion. They will not be coming alone, however. They will be bringing thank you letters and cards to President Trump from children all across America thanking our President for his courageous stand for life and working to end abortion. Suddenly, abortion is no

longer a political issue but an issue involving real children and their futures. "We believe these precious children will remind our nation what is really at stake through abortion and offer a positive way forward toward ending abortion and offering hope and healing to women who find themselves in unexpected pregnancies."
