

Operation Rescue Introduces **Abortion911.com**

By Operation Rescue

to Prove Abortion Isn't Safe

Wichita, Kansas – Operation Rescue has launched a new web site, Abortion911.com, that documents medical emergencies at abortion facilities for the purpose of helping the public understand that abortions are not as safe as the abortionists say they are.

“Help us prove that abortion is not safe. We know it kills babies and hurts women, but the public needs to see documented reports to overcome the propaganda of the left that says abortion is a ‘human right,’ instead of the human rights abuse that it really is,” said Troy Newman, President of Operation Rescue.

The website also is seeking photos, videos, documentation, and eyewitness accounts of medical emergencies at abortion facilities to add to the ever-expanding number of reports.

For several years, Operation Rescue has collected photos, videos, and 911 reports related to medical emergencies that take place at abortion facilities. Our database of such incidents has been considered the most comprehensive available. However, it is understood that this is only a fraction of medical emergencies that occur at abortion facilities.

Our data has been used to:

- Promote the passage of pro-life legislation at the state level.
- Support pro-life laws in court.
- File complaints against abortion facilities that have resulted in disciplinary action and closed abortion facilities.
- Expose the dangers of abortion to the public.

“This site could have a lasting impact on public opinion and legal cases regarding abortion. Abortionists toss out numbers on so-called ‘abortion safety’ that have little, if

any, documentation to back them up. We want Abortion911.com to serve as an easily-accessible repository of incidents that can provide hard evidence of abortion dangers,” said Newman.

The “Check Your State” tag cloud feature is a resource that allows a user to easily see the reports related to abortion-related medical emergencies in any state for which there are documented incidents. The size of a state’s font is directly related to the number of documented emergencies reported to Operation Rescue.

There is also a featured page with links to reports concerning abortion-related maternal deaths covered by Operation Rescue. “Our eyes and ears on the ground have always been those involved in ministry outside the abortion facilities, and we need your eyes and ears more than ever,” said Newman. “By contributing to this new

project, you can help influence our nation in favor of Life and move us closer to the goal of an abortion-free America.”

To report incidents at abortion facilities that led to emergency responses and/or ambulance transports, please e-mail us

at ReportAbortion911@zoho.com.

“There are those who are desperate to stop this documentation of life-threatening abortion dangers from reaching the public. Let’s not let them win!” said Newman.

Abortion911.com joins

Operation Rescue’s suite of websites, including OR’s main informational site, OperationRescue.org, and the resource site AbortionDocs.org, the largest online collection of documents related to abuses within the Abortion Cartel.

The Recruiting and Grooming of Our Children

C-Fam needs your help...

Dear Friend:
 I sat down with a 14-year-old girl a few months ago, and she told me of her battles against the sexual left in her middle school.

She told me the story of a boy who demanded a kiss from another boy. When she defended the threatened boy, she was labeled a bigot.

She told me about her two girlfriends brazenly kissing in front of her.

She told me about being bullied in school for wearing a pro-life shirt.

What she described is how deeply entrenched are the sexual revolutionaries in our public schools, down to the earliest grades.

This is the official order of the day coming from school administrators.

This little girl went to her principal and complained, and the principal told her, “We have to make every

one feel included.” She told the principal, “But I don’t feel included.”

But that does not matter. The point is to make her feel excluded, to make anyone feel excluded if they disagree with boys threatening to kiss other boys. The end is recruitment and grooming.

During the Ottoman Empire, the Sultan had a policy of kidnapping Christian boys and raising them to

be a personal private army called Janissaries. They were Christian children trained to make war on Christians.

This is precisely what the sexual revolutionaries are doing in our schools. They are subverting the morals of our children and turning them against the faith and the family.

At C-Fam we see this up close. We see the Generals of the revolution plotting strategy to steal our children. We see this in the negotiations at the UN to include terms like “comprehensive sexuality education” and “sexual orientation and gender identity” in UN documents and then to impose them on all the families of the world.

In the next few weeks, the

battle is resumed. The UN General Assembly starts in four weeks. We have a few dozen delegations on our side, working to stop the theft of our kids.

Join us in prayer that we can stop them once again. Join our fight with your dollars.

You can support them securely online:

I know you cannot come to the UN. But you can be there in spirit through your prayers and with your financial assistance.

If not us, who? If not now, when?

Yours sincerely,

Austin Ruse
 President/C-Fam

Bill was born in New York City and would spend his early years in upstate NY. An Air Force veteran he would serve in Libya and Southeast Asia as an aircraft mechanic and then crew chief.

He worked for IBM for 27 years as hardware systems analyst and as a single parent he would raise two children. It was in 1982 that he gave his life to Christ, changing his life forever! He began teaching martial arts in 1983 and became a 3rd degree black belt and that same year he was asked by an Assemblies of God church to begin teaching there. God also opened doors to teach at the local YMCA and other facilities. In 1994 after leaving IBM

he came to Palm Coast Florida and there he would meet and marry his bride Carolyn in 1996.

God spoke to Carolyn and heard Him say they needed to “go to Nineveh.” “Nineveh” turned out to be Bradenton, FL. In 1998 they moved there and after arriving they saw many needs among the senior population. They would begin what is now J.O.Y. Fellowship after a neighbor asked him to conduct a church service where she worked, in memory care. From that one facility J.O.Y. Fellowship has now grown into a team of 25 workers and 15 facilities. He is Ordained with the Assemblies of God, and serves as a District Chap-

lain with the Manatee County Sheriff’s Office, Chaplain at LakewoodRanch Hospital and heads up the Task Force Safe Community for Manatee County. He also serves as a board member on a number of other organizations’ in the Manatee and Sarasota Counties as well. Pastor Bill and his wife Carolyn have three children, five grandchildren and five great grandchildren.

 We will need to know many to set up for. Please call in your reservation by Wednesday, October 10, to Jerry Miller at 941-223-0417.
